Trustees Asked to Use Authority in Appointing Others as Well as Members of College Faculty.

Physicians who some time ago opposed the plan to give the medical department of the University of Tennessee complete control of the General Hospital, have joined in a request to the board of trustees that they should appoint to the summer staff of the hospital, soon to be made, by the medical college faculty, and physicians and surgeons not connected with the college.

The controversy over the summer staff appointments was rather thoroughly threshed out some months ago at meetings of the Memphis and Shelby county medical societies, and at several sessions of the trustees.

The trustees have now granted the medical college additional privileges in the hospital, and the trustees have agreed to carry out certain provisions of the ordinance, in consideration of being given complete control of the general hospital and that those provisions have not been in fact carried out, and that the trustees in any case have no right to withhold powers to divide the staff appointments equitably between the faculty members and others.

LEGISLATURE OF MISSISSIPPI ENDS

Adjournment Is Taken After Nearly Three Months of Continuous Sessions.

JACKSON, Miss., April 4. (Sp.)—After being in session nearly three months, the Mississippi legislature adjourned sine die at the noon hour today.

Practically no legislation was enacted during the long hours of the session. The two bodies were held together chiefly to secure concurrence in reports from the various committees, and to enable the presiding officers to sign the acts passed during the session.

The session has been the longest held by the legislature in many years. As a rule the first sitting of the legislature is a session of a new administration, and the session has been unusually long.

Appropriations made for the session total about \$15,000,000, and added to the \$15,000,000 in the treasury, the state has a total of \$30,000,000 to be used in erecting new buildings and making permanent improvements.

The number of new laws enacted has not been totaled, but, according to the estimates of the state power, it will be not less than 600. This includes bills of all classes, general laws, private bills, and bills of local and private nature.

During the session there were 1,455 bills introduced, 903 in the house and 552 in the senate. As is always the case, a goodly number of bills that had passed the house perished on the senate floor, and the same was true in the house.

Willis L. Reeves Wins Promotion in I. C. Freight Dept.

Willis L. Reeves, for a number of years chief clerk to Joseph Hattendorf, general freight agent, has been appointed assistant general freight agent, with headquarters at Memphis, to succeed E. K. Bryan, who recently resigned to become a member of the Southern freight committee. Mr. Reeves has wide acquaintance among railroad men and Memphis shippers, and is especially well qualified for the promotion received.

Charles J. Crane will succeed Mr. Reeves as chief clerk in the general freight agent's office, which will bring about a number of other promotions in the department.
